

ATTENTION

There is significant construction happening around Bluegrass. State Route 729 will be closed starting August 6, 2026, from the north side. This means you will be unable to access BG coming from the north for 60 days. However, you can still access Bluegrass from the south end on State Route 729.

If you are traveling southbound on I-71, take Exit 65, then turn left onto State Route 435. Follow it for 2 to 3 miles to State Route 729, then turn left. Continue on State Route 729 until you reach Jeffersonville Milledgeville Road and turn left.

Thank you for your patience and consideration throughout the course of the construction.
